PROFILE

A creative and quick-thinking individual who can adapt to a given situation per the organization's needs. An Enthusiastic and keen learner in Full-stack development with a primary interest in Core Java Development, Web Development, React.js, and Oracle SQL.

EXPERIENCE

Software Trainee 07/2023 - 10/2023
TekGeminus Solutions (P) Ltd. Pune, MH

- TekG DMX (Data Migration Experience) - Team Size 08
- Developed an in-house product (TekG DMX) for TekGeminus which was developed with a focused client (Portland General Electric) in the USA.
 - The product is capable of extracting the data from any Oracle Utilities application from a given environment and uploading the same in a target environment.
 - The tool is integrated with four APIs, which helps in account sub-setting and migration of problematic accounts from the production environment to the test environment for analysis and rectification.
 - This tool can work across the on-premise and cloud.

Trainee 11/2022 - 05/2023
Dr. A.P.J. Abdul Kalam Technical University Allahabad, UP

- ElectronixHub - Team Size 04
- Developed a user-friendly e-commerce website where they can explore, shop, and thrive.
 - The platform allows users to register and log-in, granting them access to a wide range of products available for shopping.
 - Developed a navigation that allows users to filter, and search items based on different categories. and add desired products to their shopping carts.
 - The product was built using HTML5, CSS3, Bootstrap5, Javascript, MySQL, and Core Java at the back-end.

PERSONAL PROJECTS

-  Text Utilities - Word Counter
- Developed a dynamic and responsive web application using React.js, delivering a user-friendly and visually appealing interface.
 - Implemented state management using React's state and props, ensuring seamless data flow and real-time updates across the application.
 - Implemented responsive design principles and CSS frameworks like Bootstrap to guarantee an intuitive and consistent user experience across different devices and screen sizes.
